

# FOOD: The Main Course to GI Health

## Nutritional Management of GI Disease

### MISSION

This 3-day innovative and specialized program will provide knowledge and training for RD/RDNs and other health professionals with an interest in caring for patients with gastrointestinal diseases.

This lecture series is offered by expert faculty and dietitians from the University of Michigan and other institutions and will include lectures and panel discussions on the following topics:

- IBS
- IBD
- Celiac and non-celiac wheat intolerance
- Eosinophilic esophagitis
- Gastroparesis
- Food allergies and sensitivities
- Small intestinal bacterial overgrowth
- Gut microbiome

**Dates:** August 20, 21, 24, 2016

**Location:** Palmer Commons, Forum Hall, University of Michigan

**Fees:** \$225 for both Sat and Sun  
\$125 for Wednesday

**CPEUs:** 18 total, offered through the Commission on Dietetic Registration
