

express20™

DESCRIPTION

Use under medical supervision. MSUD express is an unflavored, powdered leucine, isoleucine and valine free medical food, containing essential and non essential amino acids, carbohydrate, vitamins, minerals and trace elements.

INDICATIONS: MSUD express20 is for use in the dietary management of Maple Syrup Urine Disease (MSUD) from 3 years of age

DOSAGE AND ADMINISTRATION

To be determined by the clinician or dietitian and is dependent on the age, body weight and medical condition of the patient.

Each 34g packet of MSUD express20 provides 20g of protein equivalent.

1. The daily protein requirement is given as MSUD express.
2. Additional protein is provided from exchanges of natural protein, to provide leucine, isoleucine and valine in controlled amounts, which is essential for growth and development.
3. Foods high in carbohydrate and fat, but low in protein, should be provided to supply the remainder of the energy.

PREPARATION GUIDELINES

For low volume drink:

Step 1: Empty the contents of the packet, plus a FlavourPac packet if desired, into the beaker.

Step 2: Add approximately 80ml (halfway up the beaker) of cold water. Secure the lid and shake well for 10 seconds.

Step 3: Drink immediately.

The product should ideally be freshly prepared and used immediately.

Water or permitted drinks should be taken after the MSUD express.

ALLERGEN DECLARATION

Contains soy lecithin.

STORAGE

Store in a cool, dry place.

Packets are designed for single use and should be used once opened.

PACK SIZES: 30 x 34g packets

WEIGHT: 1.02kg

SHELF LIFE: 18 months.

IMPORTANT NOTICE

Must only be given to patients with proven MSUD under strict medical supervision.

Suitable from 3 years of age.

Diet must be supplemented with natural protein, water and other nutrients in prescribed quantities to supply leucine, isoleucine, valine, fluid and general requirements.

Not for use as a sole source of nutrition.

Not for intravenous use.
